

Find YOUR Program at HACC!

With approximately 100 programs, five campuses and virtual learning, we have something for you. Specific information about each program is available at hacc.edu/Programs.

Definitions:

Associate in Applied Science (AAS) – These degrees are designed as career programs.

Associate in Arts (AA) – These degrees are designed as transfer programs.

Associate in Fine Arts (AFA) – These degrees are designed as career programs.

Associate in Science (AS) – Some are designed as transfer programs and others are career programs.

Career program – For students who want to begin their career after graduation, this type of program provides concentrated, in-depth study in a specific field. These are a minimum of 60 credits.

Certificate – For students who have a defined career goal, this type of program is designed to be completed in two semesters of full-time study. Students have satisfied the work required in a minimum of 30 credits.

Diploma – For students who need to acquire a technical skill as quickly as possible, this type of program includes a minimum of 16 credits and is designed to be completed in one semester of full-time study.

Noncredit – Students are awarded a certificate of completion. It means students have attended at least 80% of the hours of the class or program.

Transfer program – These programs are designed for students who want to complete their first two years of education and plan to transfer those credits to earn their bachelor's degree.

X - The program can be completed in its entirety on campus, through in-person instruction.

O - The program can be completed in its entirety through virtual learning. Virtual learning classes are 100% online and do not typically have a scheduled time when faculty and students meet together. As long as due dates are met, students' work can be done on various days and times.

▲ - The program can be completed through virtual, remote and/or in-person instruction. Less than 51% of the program can be completed through in-person instruction.

● - The program can be completed through blended, virtual and/or remote instruction.
