Salam, həmkarları!
(Azerbaijani for Greetings,
colleagues!)

In my 60th Ski Gram, you can read about the following, and much more:

- [New HACC Workgroup To Focus On Improving Communications](#)
- [Mark Your Calendar Now For No Meeting Days](#)
- [A Mini-Panel Discussion With Constituency Group Leaders](#)

Welcome To Fall 2016, Colleagues!

As you know, the first day of fall and spring semester classes is an opportunity for me to visit as many classrooms as possible to engage students and, when applicable, faculty in discussions about their HACC experiences.

On the first day of classes, I visited almost every building and inhabited faculty office at the Harrisburg Campus except the Public Safety Center, half of Whitaker Hall and the PSECU building. From my notes, I visited approximately 40 classrooms, dozens of faculty offices, spent time in the cafeteria and in many internal and external

Celebrating HACC's Faculty Scholars at a reception in their honor is an event I look forward to each fall. You can see more photos from this year's reception, held Friday, Sept. 9, 2016, [here](#). Throughout the year, I will recognize some of our honorees' achievements in the "Kudos" column of the Ski Gram. Thank you all for your contributions, both in and out of the classroom!

spaces on the Harrisburg Campus. Beginning at 8 a.m., I visited morning, afternoon and all evening classes, completing this exercise at 8 p.m.

More than ever, I heard numerous compliments about many of our colleagues on the campus. In fact, I had never received so many "thumb up" gestures from students about their experience in registering and/or returning to the College as I did this fall. I also heard more positive comments about individuals and many other aspects of the College (e.g., advertising, registration, website, etc.).

Please note that after conducting this unscientific study for the past five years, these latest interactions with our students provided me with the most positive affirmations of our personnel and practices than ever before! BRAVO!

We started the semester with a hearty welcome for a large group of international students on Tuesday, Aug. 23, 2016, when colleagues from across the College joined me in hosting our students for a reception at the Ted Lick Administration Building.

Thank You For A Great Week 0

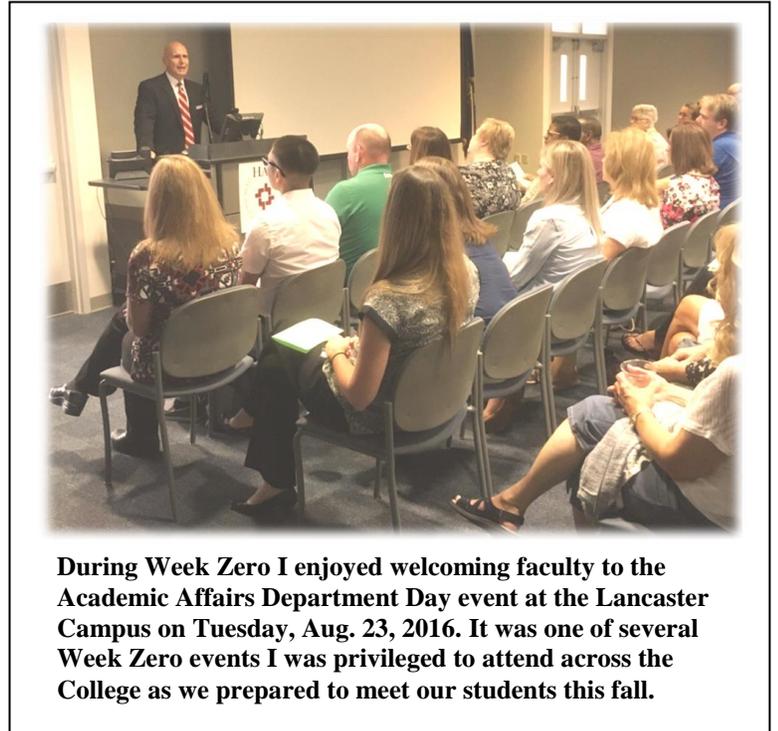

Thank you to all the campus staff who helped support our Collegewide academic affairs events during week 0: Department Day on Tuesday, Aug. 23, 2016, Campus Day on Wednesday, Aug. 24, 2016, and Assessment/Advising Day on Thursday, Aug. 25, 2016.

Thanks to **Holly King** and **Wendy Kaehler**, administrative support staff in Lancaster and Gettysburg, who did the heavy lifting with site logistics for the two days, with help from **Jennifer Lynch** in Academic Affairs.

Thanks to our Week Zero Planning Committee: **Rick Albright**, **Lise-Pauline Barnett**, **Tim Barshinger**, **Jason Beaudin**, **Will Guntrum**, **Darryl Hall**, **Matt Harris**, **Kari Meck**, **Dory Uhlman** and **Janice Waltz**.

Thanks to IT staff in Lancaster and Gettysburg under the leadership of **Josh Appleby** and **Scott Decker**, including **Derek Hollinger**, **Jason Stetler**, **Mark Strawser** and **Carlos Torres**.

Thanks to **Randy Meggison** of Lancaster Security and **Brian Miller**, **Bob King** and **Darwin Laughman** of Gettysburg Facilities.

Thanks to Holly King and Subway staff in Lancaster for lunch on Tuesday and to Wendy Kaehler, **Lori McKee**, **Amanda Hartzell**, and student **Tina Reyes** for helping with lunch on Thursday.

Finally, a big thank you to all the campus deans and their staff for successful campus day events on Wednesday, Aug. 24, 2016.

Healthy Minds. Healthy Hearts. Healthfully Yours. Tobacco-free Campuses Initiative

Welcome to those both new and returning to the HACC campuses! Thank you for supporting the Healthy Minds. Healthy Hearts. Healthfully Yours. Tobacco-free Campuses Initiative.

To promote healthy learning environments, this initiative prohibits the use of all forms of tobacco and vaping products on College property, including parking lots and green spaces.

For more information, please go to myHACC > Human Resources Information > The Healthy Minds. Healthy Hearts. Healthfully Yours. Tobacco-free Campuses Initiative (<http://www.hacc.edu/AboutHACC/Tobacco-free-Initiative.cfm>) or contact **Thomas Houtz**, CSP, director of employee health and safety, at tmhoutz@hacc.edu or 717-780-1107.

Phi Theta Kappa (PTK)

No matter if you are supporting our students in or out of the classroom, I hope you will strongly encourage many of your students to think about joining PTK if invited. As you know, PTK is the international honor society of two-year colleges.

I was part of a different kind of HACC work group on Friday, Sept. 16, 2016, when “The HACC’ers,” a team of our colleagues from the Gettysburg Campus, competed in the Hanover Area Chamber of Commerce Corporate Challenge held at CrossFit Hanover at Adams-York Sports Performance. Here, while Shannon Harvey, campus vice president, passes a 36-pound medicine ball over the bar to her partner, Alex Purcell, library technician, I am preparing to pass a 69-pound medicine ball to student Seth Harrington. Not shown: Abderrahim Kherchtou, library specialist, and Nathan Tasker, user support technician, passing the 100-pound medicine ball. The Corporate Challenge is a full day of fun, team-building fitness challenge activities and friendly competition. Proceeds from the event benefit the Chamber’s workforce development programs, including HACC’s Introduction to Manufacturing (ITM) program. The 2015 event raised approximately \$4,000 toward this cause.

In their third annual contest, the HACC Hawks soccer team defeated the alumni soccer team 4-2 in a hard-fought game on Sunday, Aug. 21, 2016. Alumni Council President Zenoria McMorris-Owens, standing in front of me, was on hand to cheer our alumni on, and then to join in celebrating with our victorious student athletes. Go Hawks!

maintaining employment will be on campus to work directly with students. In addition to this training, the representatives have also been provided with information that enables them to connect students to housing resources and many other assistance programs created to meet the needs of veterans and current military personnel.

If you or someone you know would like more information, please contact **Britta Schwab**, York Campus coordinator of Career Services, for more information at bsschwab@hacc.edu.

It is thanks to the efforts of Facilities Maintenance staff members, including Ray Wiersma, shown here keeping our plants happy and healthy. Did you know the Harrisburg Campus is home to an arboretum? You can read more about our beautiful grounds and gardens [here](#), and then go out and enjoy them this fall.

Zika Update

HACC continues to monitor the impacts of the Zika virus. As of Friday, Sept. 9, 2016, all cases in Pennsylvania are the result of either travel-related exposure or sexual contact with someone who was exposed elsewhere. Although none of Pennsylvania's Zika cases are the result of a local mosquito, HACC continues to monitor our property for mosquito development. The College will continue to make well-informed decisions about College-related travel and encourage travelers to follow healthful, protective recommendations. For more information about Zika, please see <http://www.hacc.edu/zika>.

Responding To Requests From The Media

The Office of College Advancement’s integrated marketing communications (IMC) team handles all inquiries from media representatives about HACC or the HACC Foundation. Media outlets include (but are not limited to) newspapers, TV stations, radio stations, blogs, media representatives from local, county and state agencies and HACC student newspapers.

If you receive a media inquiry related to the College and/or the HACC Foundation:

1. Take the requestor’s contact information and say that a member of the Office of College Advancement team will follow up with them.
2. Email newsroom@hacc.edu with the information and copy lscarter@hacc.edu.

Linnie Carter and I are the primary spokespeople for the College. The Integrated Marketing Communications coordinators are also authorized to serve as secondary spokespersons. No one else is authorized to communicate with the media about HACC or HACC Foundation business without written authorization from one of these seven individuals.

This process ensures that the flow of information from the College is coordinated and controlled, and it protects the College both in good times and in times of crisis. When a crisis occurs, the media will look for anyone to serve as a source of information. It is important at all times, but especially in a crisis, that you refer the media to the Office of College Advancement if you are contacted directly.

How To Handle Freedom Of Information Inquiries

When you receive telephone inquiries related to Right to Know or Freedom of Information Act requests, please do the following:

1. Direct the caller to our website: www.hacc.edu
2. Ask the caller to type "Right to Know" in the search function to find the Web page about the Right to Know process (Note: Below is the direct link to the Web page:)

<http://www.hacc.edu/AboutHACC/Administration/RighttoKnow/index.cfm>

3. Ask the caller to follow the detailed instructions on the website
4. Say that the request will be handled after the caller has followed the detailed instructions
5. Do not engage in any conversation beyond this, because it might be used against the College later, especially if you share erroneous information with the caller

Our students have many talents, and I look forward to hearing more from the members of our Music Club, whom I greeted on a recent walk around the Harrisburg Campus.

When you receive email inquiries related to Right to Know or Freedom of Information Act requests, please do the following:

1. Forward the email to righttoknow@hacc.edu (this email address is also listed on <http://www.hacc.edu/AboutHACC/Administration/RighttoKnow/index.cfm>)
2. Do not respond to the writer

Upon receipt of these telephone and email inquiries, the OCA team will handle them and confer with the necessary individuals.

York Campus To Aid York County Re-entry Coalition Planning

The Campus Career Services office of HACC's York Campus has joined some 70 other agencies to assist in re-entry planning for citizens returning to the York community after their incarceration in York County or state prison. The York County Re-entry Coalition will develop a strategic plan to include services for education and employment, among others, to meet the needs of this population.

Lancaster Campus Vice President Victor Ramos and I welcome Robin Felty, D.Ed., as the new superintendent of Manheim Township School District on Monday, Aug. 22, 2016.

To aid in planning and program development, the coalition has reviewed data of existing programs that are beneficial to returning citizens. According to data from the Department of Corrections on employment programs, 65 percent of persons attending HACC's Job Skills Training Program at the York County Prison were not incarcerated again within three years of completing the program. HACC's program has the second highest success rate out of all programs reviewed.

This data is promising and shows the importance of partnerships to aid returning citizens as they reenter the community.
