VOLUME II, ISSUE I

AUGUST 2009

WHAT'S YOUR TYPE?

The Myers-Briggs Type Indicator® (MBTI) is a widely used instrument which identifies your four-letter personality type.

Understanding your strengths and weaknesses as well as your preferences through the MBTI can help you make better informed major and career decisions. Knowing your MBTI "type" can also help you improve your communication skills in the workplace.

The MBTI instrument is available through Career Services for a small fee of \$8.00.

"Give" Your Resume a Boost

With job openings in short supply, individuals are turning toward volunteer work to build their résumé, learn new skills, and give back to communities in need. Volunteering can be a great way to expand your network of contacts and boost your visibility among prospective employers. An added bonus? Volunteering feels good, and can improve your self-confidence. Show your enthusiasm, passion, and motivation to learn by giving of yourself. Employers will notice!

"We make a living by what we get, but we make a life by what we give."
~Winston Churchill

INTERNSHIP ALERT!

Are you interested in pursuing an internship in **business, management, or marketing** for the spring semester? Contact Lori Hockley to discuss the internship process and learn what steps you can begin **now** to get ready for the spring.

CAREERS IN DEMAND

Learn which careers are expected to be in demand in our region according to the "2009 High Priority Occupations for South Central Workforce Investment Area" list (created each year by PA Workforce Development). A copy of the list can be found on the Career Services bulletin board.

Working for Uncle Sam
