

Greetings Employer Partners:

The Career Development and Transfer Services Unit is excited to continue to offer employers the opportunity to come to campus to recruit students for open positions at their companies. For specific instances where the event is solely recruiting, we charge the employers to be in attendance. The chart below lists out the current and new changes for the cost of employer attendance effective Academic Year 2024-2025 (as of July 1, 2024):

Event	Current Cost of Attendance	New Cost of Attendance
Career Fair	For Profit \$50 / Non-profit \$25	\$100 (for all)
Spotlight Tabling Session	For Profit \$35 / Non-profit \$20	\$25 (for all)

If you have any questions about the new costs, please feel free to reach out to me and we can discuss. As we continue to grow the Career and Internship fairs as well as the employer spotlight tables, I am confident that we can help to fill your open positions with our amazing students.

Have a wonderful day!
