

## **Campbell Family**

[The CAMPBELL family sits together on a couch in their home, talking to the camera. The daughter sits on the left, the mother sits in the middle and the father sits on the right.]

**MOTHER:**

Hi, we're the Campbells.

[The video cuts to a shot of the mother and father.]

**FATHER:**

My college career, I thought it would have been better if I had went to a two-year school.

[The video cuts to a shot of the daughter.]

**DAUGHTER:**

I ended up going to HACC and my twin sister. Even though it wasn't my first choice off the bat, it turned into a dream school for me, like a dream decision. HACC really did set us up for success and I'm so, so thankful.

[The video cuts back to the whole family]

**MOTHER:**

So if you're thinking about what school your child should go to, I would absolutely recommend HACC.
