

# SKILLS TO GET YOU THE JOB

**Are you interested in a degree in Health Sciences?**

These are employers' most requested skills that you may need for a career in this field.

## NURSING

HACC, Central Pennsylvania's Community College offers over 30 health career programs at all our locations. Pre-clinical courses are often offered during the evening and weekends, as well as during the day.

## BASIC LIFE SUPPORT

The AHA's BLS course trains participants to promptly recognize several life-threatening emergencies, give high-quality chest compressions, deliver appropriate ventilations and provide early use of an AED.

## COMMUNICATION

Understand the importance of and demonstrate verbal, written, and non-verbal/body language abilities. Clearly and effectively exchange information, ideas, and perspectives inside and outside of an organization.

## CPR CERTIFICATION

A group of problem-solving medical procedures and techniques designed to provide urgent treatment of life-threatening cardiac emergencies such as cardiac arrest and stroke. Certification can be acquired at HACC.

## ADV. CARDIOVASCULAR LIFE SUPPORT

Builds on the foundation of lifesaving BLS skills, emphasizing the importance of continuous, high-quality CPR. Certification can be acquired at HACC.

## LEADERSHIP

Leaders motivate others to aspire to achieve and help them to do so. It is the ability to organize other people to reach a shared goal. Leaders inspire, challenge, and encourage others.
