

Giving Opportunity: Space Naming

HACC has many unique naming opportunities available! Imagine your company, foundation or family enjoying the permanent legacy of having a named space that perpetually proclaims your belief in higher education and support of hard-working students at HACC.

No two naming opportunities are alike. From traditional classrooms to cutting-edge laboratories, we would be pleased to work with you to create a one-of-a-kind giving opportunity that focuses on an area of greatest interest to YOU. We can also help to ensure that your naming gift goes beyond the space to create a desired impact for students and the College.

Our campuses are places where innovation meets community. They are designed to facilitate connections among our diverse student body; provide access to important services that help students thrive; and allow HACC students and faculty to prosper by utilizing the latest technological tools.

By joining community with opportunity, our campuses are places where:

- Veterans who attend HACC seek refuge and comradery with fellow veterans.
- Students study, brainstorm and seek answers to important questions.
- Single mothers work up the courage to enroll in classes.
- Curious students learn about study abroad, intercultural opportunities and diversity initiatives.
- Students involved in HACC's Student Government Association gain valuable leadership skills that will help them succeed long beyond their time at HACC.
